Any mare changes must have stallion owner's approval prior, along with a copy of the replacement mare's registration papers via fax/email.
4. If cooled semen isn't available for any reason or stallion becomes unable to collect during the breeding season, **frozen semen** will be available at all times. Proper notification is a verbal notification within 30 days and/or written certification by a licensed veterinarian if that mare has not produced a non-viable foal. The live foal guarantee will be void and stallion owner will be released from all liability if the foal's death resulted from any omission of the owner.
7. Mare owner MUST notify stallion owner of pregnancy status within 30 days after insemination. If pregnancy is lost at any time after mare has been confirmed in foal mare owner must contact stallion owner immediately.
